The mayor Georgios Dermitzakis and the community wish all a succesful exhibition!

Join the First Paleochora Art Week

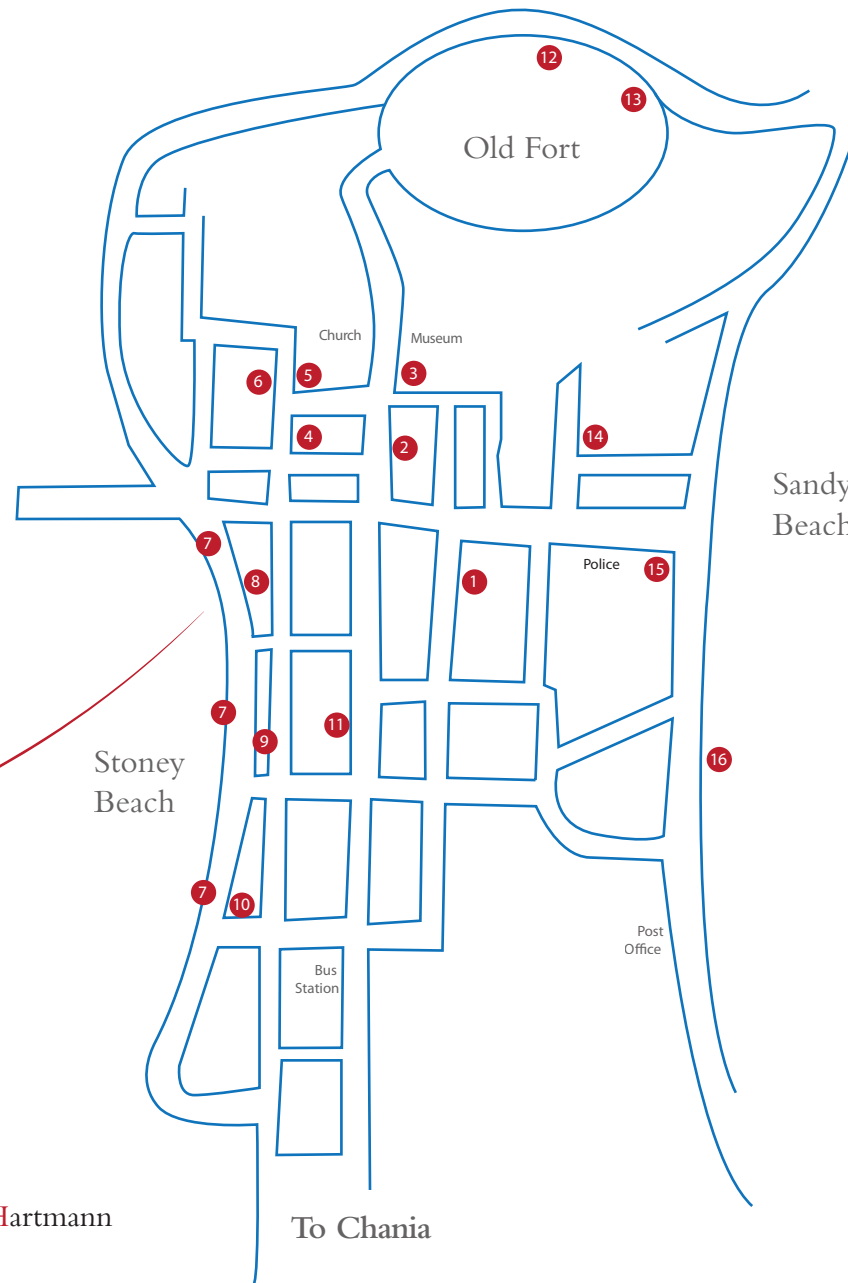

This year, for the very first time, the town of Paleochora will become one great exhibition area as we bring art into the town and directly to the people. Different tavernas, hotels and bars are joining in this exhibition to become Galleries, known as 'Art Points'.

About twenty artists will take part and show their work. The artists live in Paleochora, Chania and Gavdos as well as other countries throughout Europe.

Under the blue sky of day, or the star filled skies of night, here in Paleochora you will see wooden and marble sculptures lining the stony beach and many different kinds of paintings at different Art Points throughout the town. Create your own art walk, or discover art during breakfast, lunch, or dinner. Then we will create a programme for the evenings - you will find all the details on our website.

Opening Party

19:30 o'clock
Nostos Club, Stoney Beach with music and other surprises
